Authorization for this examiner's amendment was given in a telephone interview with B. J. Sadoff on 02, 14, 2005.

The application has been amended as follows:

Claim 105 (current amended). In line 5 deleted "allowing the expression of" and inserted --- encoding ---

2. The following is an examiner's statement of reasons for allowance:

3. The Appeal Brief filed 10, November, 2004 and response filed on 17 August 2004 were fully considered and discussed with Supervisory Patent Examiner James Housel. The argument and response were found persuasive to overcome the prior art rejection and biological deposit issue. To better define the claimed products, a telephonic interview was conducted on 10, February 2005 with the attorney B. J. Sadoff. As suggested by the supervisory examiner James House, a proposed amendment was submitted by applicants on 14 February, 2005. After conferring with Supervisory Patent Examiner James Housel, all pending claims after amendment had been considered allowable. Applicants authorized the examiner to write the examiner's amendment to place the application in condition for allowance.
